

## A NEW PINNACLE IN PERFORMANCE PACKAGING

### Zenith™ Stretch Films

Engineered to perform at the highest level based on 65+ years of packaging industry expertise. Perfect for packaging applications requiring high load containment with the cost savings of downgauging. Single-sided cling and puncture resistance make this film a versatile choice for any operation.

Zenith High Performance	Gauge	Type	Roll Width	Roll Length	Rolls/Pallet
169746	70ga EQ	Cast	500mm	11,000ft	40 rolls
169788	75ga EQ	Cast	500mm	10,000ft	40 rolls
169789	80ga EQ	Cast	500mm	9,000ft	40 rolls
160696	80ga EQ	Cast	500mm	5,000ft	72 rolls
169747	90ga EQ	Cast	500mm	8,000ft	40 rolls
169793	100ga EQ	Cast	500mm	6,500ft	40 rolls
Zenith Mid Performance	Gauge	Type	Roll Width	Roll Length	Rolls/Pallet

## Eagle® Stretch Wrapper Series

The Eagle series of stretch wrappers from Berran Industrial are some of the most well rounded stretch wrappers on the market today. All units are capable of wrapping 15 loads per hour or more. Certain units have soft start and stop turntable processes that begin and end the wrap cycle gently, resetting itself automatically after every load. Most stretch wrappers come standard with a photo eye that automatically recognizes height load, creating a more efficient wrap cycle that requires minimal operator interaction. If you are wrapping loads that are dark in color reach out to our packaging experts for additional photo eye options. Eagle stretch wrappers make a perfect first option when upgrading from hand wrapping.

- 3 year warranty on parts for certain models, see website for details

Model Name	Type	Pre-Stretch	Loads/Hour	Upgrades	RP#
1000A	Semi-Auto	Manual	15	Ramp	127279
1000B	Semi-Auto	250%	15	Ramp	148520
1000BWS	Semi-Auto	250%	15	Scale	148521
2000A	Semi-Auto	Manual	15	Ramp	130991
2000B	Semi-Auto	250%	15	Base, Mast, Ramp	103759
2000BWS	Semi-Auto	250%	15	Scale	126790
2000F	Automatic	250%	25	-	140617
